**Subject:** Coyote Station: draft letter for review

All, below is a link to the draft Coyote Station/CCMC letter for your review. We are asking for feedback (including staff and, if possible, first line management) by **COB Monday 10/29**. At 3 pages long, it's relatively short and to the point, so we hope this is ample time. If your management needs additional time to review, that's okay, but please let Cheryl or me know.

[CLICK HERE FOR LINK TO DRAFT](#) (anyone at EPA with link can access).

Hi DJ,

# Ex. 5 Deliberative Process (DP)

I hope to share a draft of the letter with everyone in the near future, so please stay tuned.

**Subject:** Coyote Station common control--updates from OAR

All,

As I mentioned earlier today, we discussed the Coyote Station/CCMC common control issue with David Harlow this afternoon. What was intended to be a quick 10-minute overview discussion turned into a more lengthy conversation resulting in David providing direction on how he would like us to proceed. We are cognizant that other offices would like to share their position on the matter, and we think the best opportunity to do this will be through comments on a first rough draft of the letter which we will begin preparing ASAP. Please reach out (or have your management reach out) to Cheryl Vetter or Scott Mathias with questions or concerns about this process. I'll be out all next week, but reachable by email.

Below is a summary of our meeting:

Background discussion:

- We walked through a basic presentation of the problem, including background on the procedural posturing and time constraints.
